**subjective**

**Personal  
knowledge**

“

Immersive journalism does not aim solely to present the facts,  
but rather the opportunity to **experience the facts.**

”

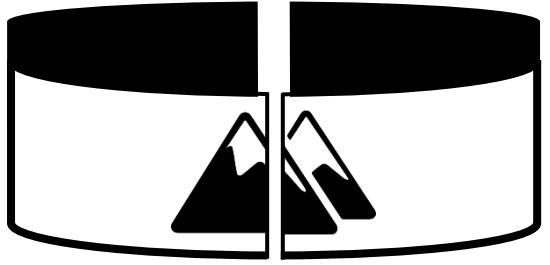

# Introduction

What are the challenges of immersive journalism?

2

Subtitles [ User study]

## Difficulties

1. Can not find subtitles quickly
2. Originally thought the contents of the subtitles were different

# Result-User Study

2

## Subtitles [ User study]

### Difficulties

1. Can not find subtitles quickly
2. Originally thought the contents of the subtitles were different

### Anticipation

1. Some of them hope the subtitles can **follow their sight**  
despite the concern about blocking their sight.
2. The numbers of subtitles doesn't matter

More  
important →

whether subtitles lasts long enough to read  
whether subtitles lies near the main point

# Result-Film Language of 360 videos

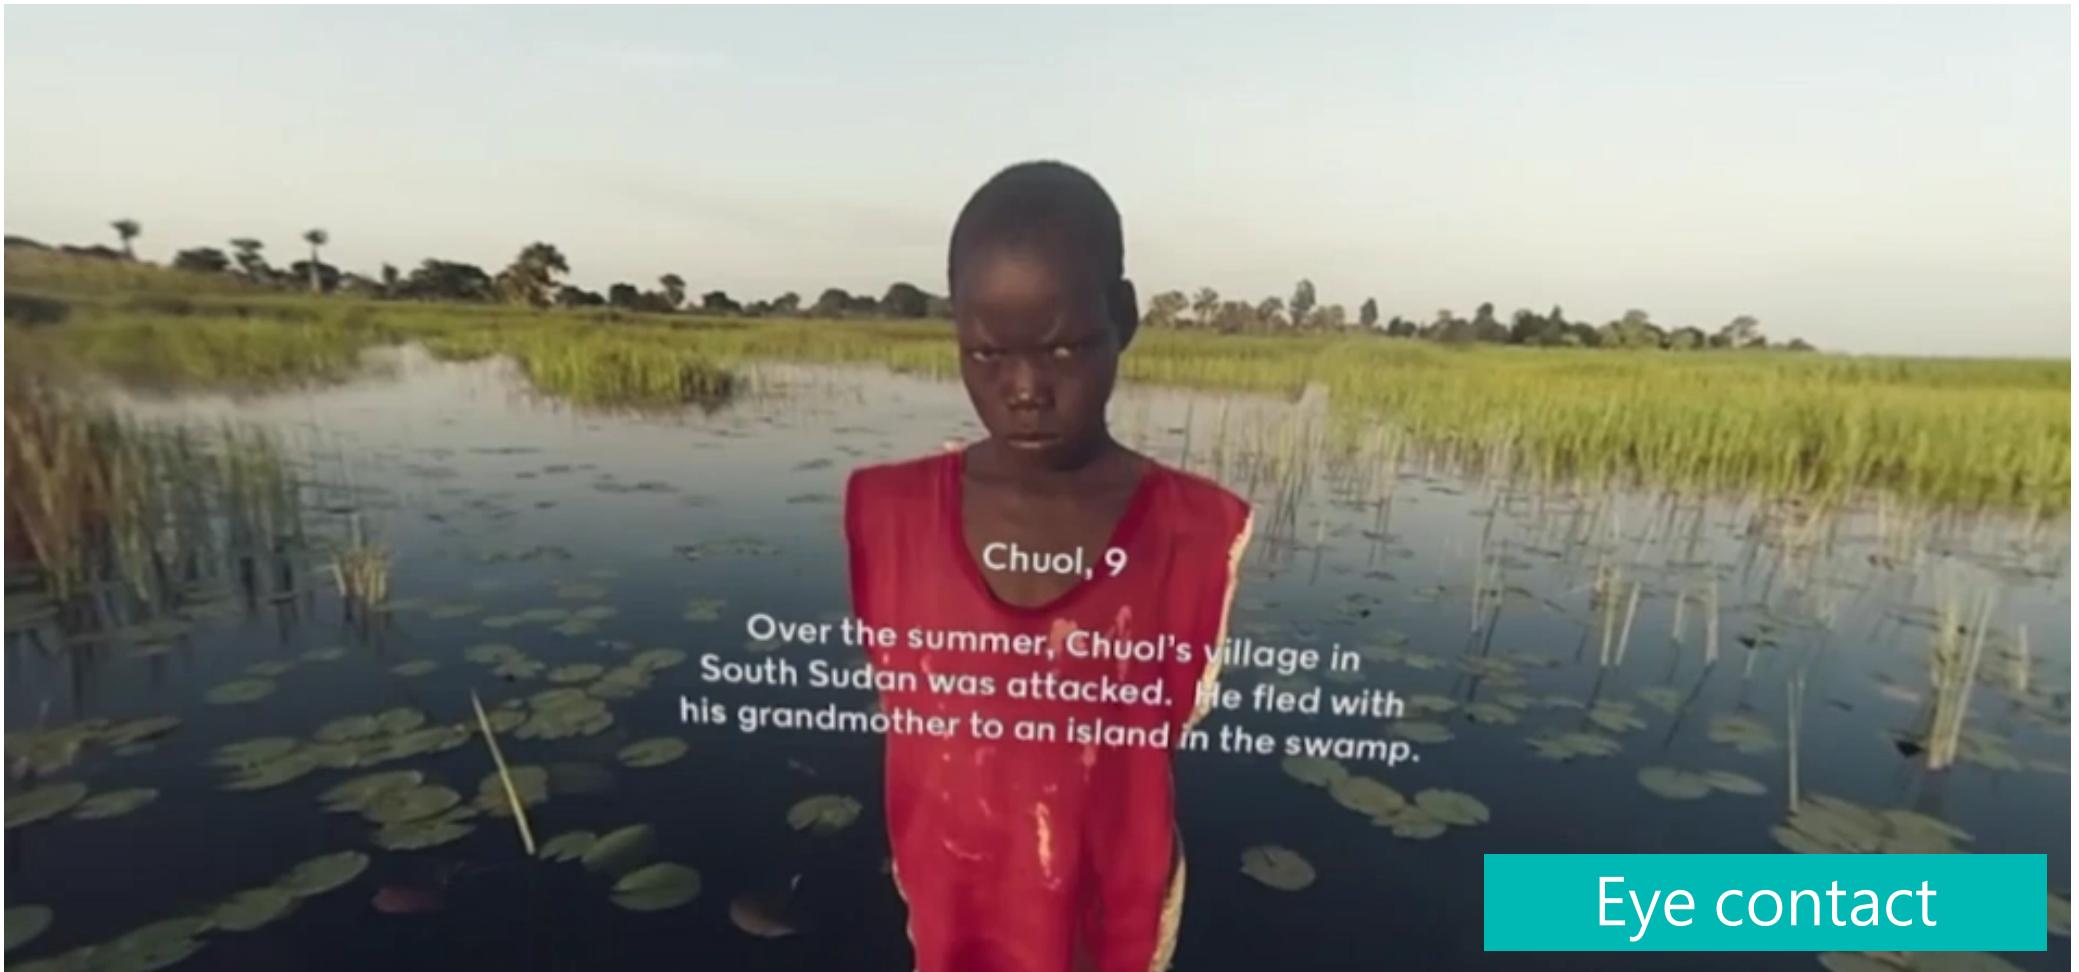

## 3 Perspectives [ film analysis ]

Director

# Result-Film Language of 360 videos

## 3 Perspectives [ film analysis ]

# Result-Film Language of 360 videos

3

Perspectives [ film analysis ]

No eye contact

# Result-User Study

3

Perspectives [ User study]

1. first perspective (when audience feel you are also a character In the story)

→ is more immersive

2. Eye contact really helps produce immersion but is not necessary.

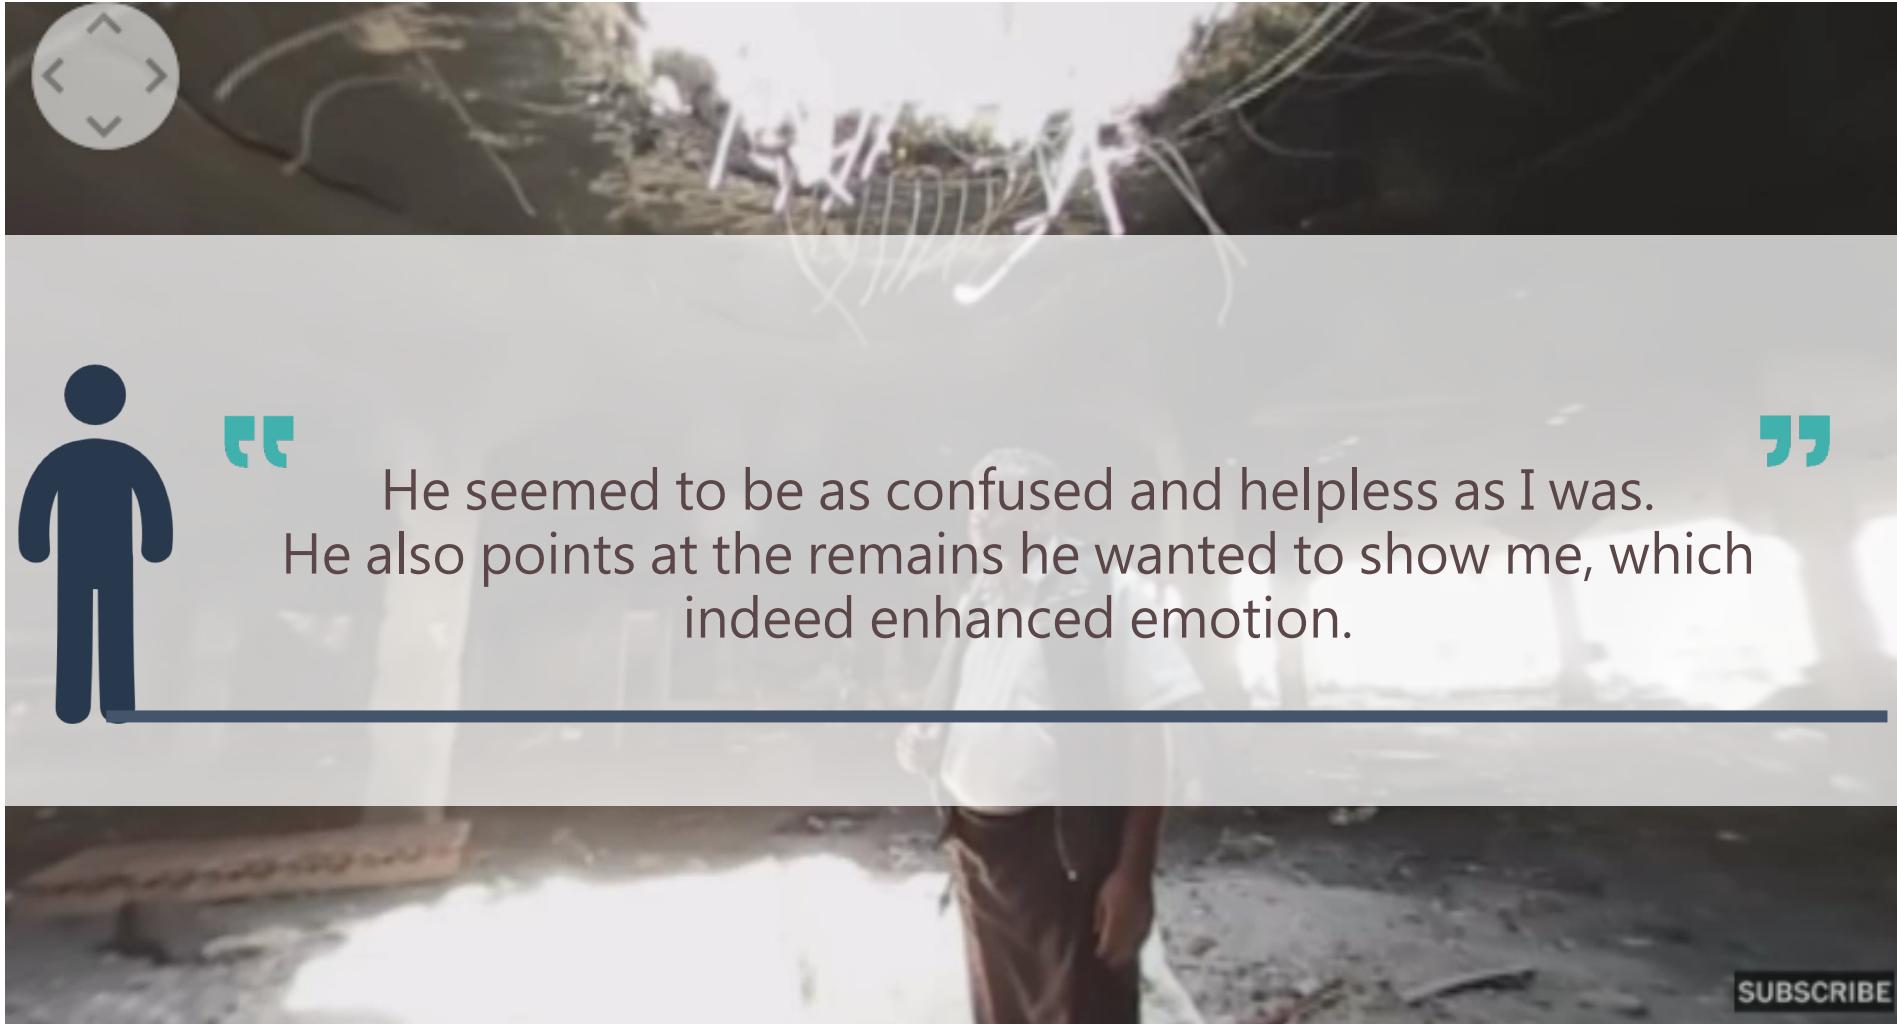

communication

eye contact, talk, motion, emotion etc.

# Result-User Study

Look up

# Result-Film Language of 360 videos

6

Angles [ film analysis ]

# Result-User Study

## 6 Angle [ User study]

enhance the effect of the angle

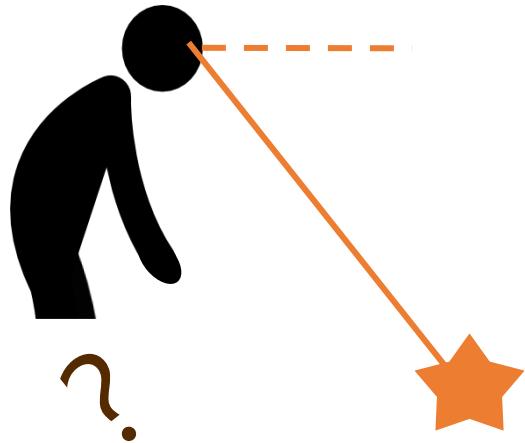

I was able to feel the difference between heights  
and my head could **tured** more compared with the  
traditional one, which really enriched my experience!

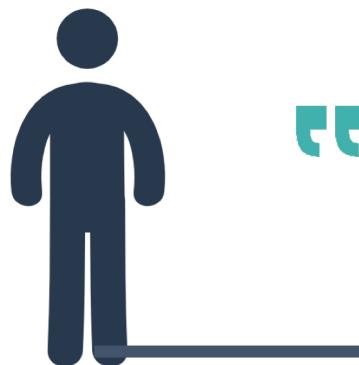

# Result-User Study

## 6 Angle [ User study]

not make sense when they look down

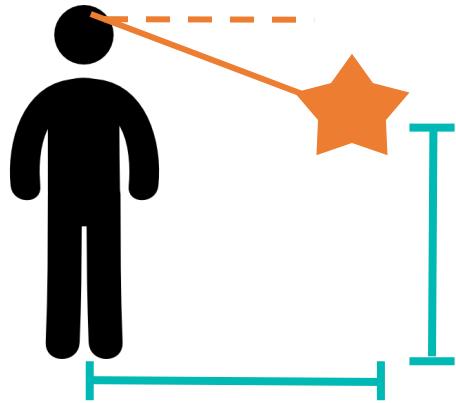

I expected to be able to see my feet when I looked down, but I wasn't. So I was very confused with the position where I was standing.

”

# Result-User Study

## 6 Angle [ User study]

rationality

# Discussion

## 1. Surroundings: what if two-foci, three-foci?

the foveated image (Fadi & James, 2012)

# Discussion

7. Life experience: how to improve immersion in unfamiliar environments?

Q & A
